#wintersportsclinic

WHAT MAKES US DIFFERENT
MAKES US STRONG.
Welcome to Snowmass!

I am pleased to welcome you to the 36th National Disabled Veterans Winter Sports Clinic. This event is always special to the athletes who arrive from all over the nation, but this year is particularly meaningful as it is the first time since 2019 disabled veterans will have the opportunity to compete during this momentous event.

If you’re a returning athlete, you know how important getting on the slopes can be. And if this is your first time here in Snowmass, you will not be disappointed. Since 1987, countless veterans, family members, coaches and volunteers have come to take part in the magic that is the Winter Sports Clinic. There is no doubt in my mind that the experiences you’ll soon have will stay with you long after you return home.

While you are here, I hope you’ll take the time to take in the gorgeous scenery and share in the camaraderie with your fellow disabled veterans. Life-changing experiences are just around the corner, and DAV is always proud to co-present this event along with our partners at the Department of Veterans Affairs.

The next few days will also be challenging, especially if this is your first time with us. But any obstacle that you may encounter on the ice or mountainside pales compared to the hurdles you’ve already overcome. While there are certainly challenges ahead, the veterans here show they don’t have an ounce of quit in them.

As some of you may have guessed, this event will be different than those in years past. We’ve had to pare down the event to guarantee the safety of the veterans participating. It is vitally important that we continue to stay vigilant in the face of the continuing COVID-19 pandemic. But I know just how significant the following week will be as you reconnect with the warrior inside.

I also challenge you to go outside your comfort zone and lift your fellow veterans. The victories you’ve already won will help guide you up and down the slopes. Never forget how capable you all are. Listen to your coaches, support one another, but trust yourself, for there is no greater fighter than the one within.

DAV owes particular gratitude to our VA partners. Without them, this event simply could not happen. To the family members traveling with their veterans throughout this clinic, thank you for being there—veterans have certainly been there for us.

This clinic could also not be possible without the volunteers you’ll encounter. There is perhaps no more extraordinary gift of charity than one’s time, and I am tremendously grateful to all who volunteer their most precious resource.

And I would be remiss if I did not mention our generous sponsors. Without them, this event simply couldn’t happen.

On behalf of DAV and the more than 1 million members, welcome and thank you for being here. I wish you all a meaningful and victorious clinic.

Best of luck to you all!

Andrea Marshall
DAV National Commander
Participants, Volunteers, and Supporters

Welcome to the 2022 National Disabled Veterans Winter Sports Clinic! You are about to participate in the premier adaptive sports event in the Nation. VA Rocky Mountain Network (Veterans Integrated Service Network [VISN] 19) is proud to host everyone this week in Colorado.

Our event is scaled down this year to ensure the safest event possible for everyone: participants, volunteers, family members, caregivers, sponsors, etc. While safety has always been paramount at the Winter Sports Clinic, this year we are taking extra precautions to deliver this world class event.

We accept the challenge to bring Veterans with traumatic brain injuries, spinal cord injuries, orthopedic amputations, visual impairments, certain neurological conditions, and other injuries to create “Miracles on a Mountainside.”

Over the next few days you can expect to be challenged, victorious, treated with the upmost respect, and mentally/physically exhausted. By the end of the week, I hope you take pride in your participation – and accomplishment – in this tremendous event.

Thank you to the VA Western Colorado Health Care System for annually stepping up to host this event in their beautiful location of Aspen Snowmass. Thanks to our partnership with DAV (Disabled American Veterans) and the tremendous sponsors who support this critical annual forum.

Finally, thank you for participating and bringing your passion to our gathering. We haven’t met in person for a couple of years and it is great to move forward (and down the slopes) together!

My personal respect and thanks goes out to all of you this week.

Ralph T. Gigliotti, FACHE
Director, VA Rocky Mountain Network
DEPARTMENT OF VETERANS AFFAIRS

VA Western Colorado Health Care System
2121 North Avenue, Grand Junction, Colorado 81501
(970) 242-0731

Dear fellow Veterans,

It is my long awaited and most anticipated pleasure to welcome you back to the 36th Annual National Disabled Veterans Winter Sports Clinic (WSC). It’s not lost on my team and I that the past two years have been challenging to you and your families.

Our Winter Sports Clinic celebrates our Nation’s greatest national resource – the American Veteran. This event encourages camaraderie, physical triumph, perseverance, resilience and the American spirit and it is my honor to help support each and every one of you with your personal goals.

This year as in previous years our WSC is made possible through the generosity of our sponsors and volunteers. Thank you to the DAV, all our corporate and private sponsors, Snowmass Village, and our volunteers. Without you, this event would not be possible. I would also like to thank Ms. Teresa Parks and her team for their hard work and commitment in making this and all past Winter Sports Clinics a huge success.

It truly is an honor for our team to serve you at this highly anticipated WSC. Welcome and enjoy the miracles on the mountain.

Sincerely,

Richard W. Salgueiro, FACHE
LTC, USA (Ret)
Executive Director
VA Western Colorado Health Care System

March 26, 2022

Greetings:

On behalf of the State of Colorado, it is my distinct pleasure to welcome you to the 2022 National Disabled Veterans Winter Sports Clinic.

Colorado’s Snowmass is one of the most spectacular ski resorts in the world, which makes it an ideal location for this event — the largest annual disabled learn-to-ski clinic available.

Many family members, staff and volunteers have worked hard to ensure that this workshop is a great success and we are privileged and honored to host the event in our state.

More than 160 disabled veterans will travel to Colorado to attend this weeklong event to learn ski skills and techniques, enjoy the wondrous beauty of our mountains and be challenged to achieve new things. We hope that you leave this clinic pleased with your accomplishments and looking forward to returning next year.

Thank you for your dedication and loyalty and for all that you have sacrificed. We are extraordinarily grateful for your contributions to the defense of our nation.

Again, welcome to Colorado and enjoy your visit.

Sincerely,

Jared Polis
Governor
State of Colorado
March 3, 2022

Dear Veterans,

It is my distinct honor to welcome you to Snowmass Village. On behalf of the citizens of Snowmass Village, the Snowmass Village Town Council, our stakeholders, friends, and all those who hold Snowmass near and dear, welcome. It is a privilege to have you. From all of us, thank you for your service.

We look forward every year to your visit, especially this year, as it has been way too long since you have graced the village with your courage, your stories, and your inspiration. We are all moved by what each of you have done for your country, and what you are achieving now as athletes, outdoor enthusiasts, and role models.

If this is your first time in Snowmass Village, welcome. If you have been here before, welcome back. We hope you will spend this week enjoying our community and all we have to offer – the wide open spaces, the mountains, the fresh air. Not to mention the skiing, the restaurants, the shopping, and all the activities our community is known for.

Whatever you choose to do, please do not hesitate to ask any one of us in the Snowmass community if you have a question or just want to chat. We want to do everything we can to make Snowmass your special place for the time you are here.

Thank you again for all that you do. You continue to inspire all of us here in Snowmass.

I look forward to seeing you in the Village and out on the slopes,

Bill Madsen
Mayor
Town of Snowmass Village
The Department of Veterans Affairs wishes to give special recognition and thanks to the Department of Defense for its support throughout the planning and execution of the 36th National Disabled Veterans Winter Sports Clinic.
WE SUPPORT VICTORIES FOR VETERANS

Every year, DAV helps more than 1 million veterans of all generations in life-changing ways—connecting them to the health, disability, and financial benefits they’ve earned. Support more victories for veterans. Go to DAV.org.
Introduction to VA Rocky Mountain Network

The VA Rocky Mountain Network was established in March 1996 and is one of 18 Veterans Integrated Service Networks (VISNs) across the Veterans Health Administration (VHA). The VA Rocky Mountain Network (VISN 19) office, located in a suburb of Denver, Colorado, is responsible for providing health care in the largest geographic network in the continental United States, covering Colorado, Montana, Oklahoma, Wyoming, and Utah, as well as portions of Idaho, Kansas, Nebraska, Nevada, and Texas.

Health care delivery is influenced by many factors, to include large geographic areas, a wide range in population density, and socioeconomic conditions. The population varies from large urban areas, such as Denver and Salt Lake City, to rural and even frontier areas, especially in Montana and Wyoming.

VISN 19 consists of 8 health care systems:
- Cheyenne VA Health Care System (Cheyenne, WY)
- Sheridan VA Health Care System (Sheridan, WY)
- VA Eastern Colorado Health Care System (Aurora, CO)
- VA Eastern Oklahoma Health Care System (Muskogee, OK)
- VA Montana Health Care System (Ft. Harrison, MT)
- VA Oklahoma City Health Care System (Oklahoma City, OK)
- VA Salt Lake City Heath Care System (Salt Lake City, UT)
- VA Western Colorado Health Care System (Grand Junction, CO)

Several health care systems have active academic affiliations with medical schools and graduate medical education programs, allowing for education and training of medical students and VA staff in the VA health care facilities.
Welcome to Snowmass Village!

Long before skiers and ranchers discovered Snowmass’ verdant Brush Creek Valley, over 150,000 years ago, mammoths, mastodons and other amazing Ice Age creatures roamed Snowmass Village. 800 years ago, the Ute Indians hunted, fished, and gathered wild foods around the valley. The first non-natives explored the Elk Mountains as early as 1853 during the Gunnison Survey and by the beginning of the 20th century the valley had been settled primarily as a ranching community.

In the early 1960’s, Olympic skier Bill Janss envisioned a European-style village and ski area on its slopes and first opened Snowmass to skiers in December 1967. During the 2017/2018 winter season, Snowmass celebrated the 50th anniversary of the resort and the 40th anniversary of the Town’s incorporation. Since these landmark anniversaries, Snowmass has seen vibrant growth and vivacious change. The core of Snowmass Base Village is complete, featuring the Limelight Hotel Snowmass, a 99-room hotel with a five-story indoor climbing wall, the largest of its kind in Colorado; One Snowmass, offering new residences, condos, restaurants and retailers; The Collective Snowmass, the hub for community activity in Snowmass Base Village, featuring a robust calendar of weekly events, the Game Lounge, Selfie Den, and the outdoor ice rink; and much more.

Guests of all ages can enjoy Snowmass S’mores, free s’mores starting at 3:30 p.m. every day throughout the winter season, courtesy of Snowmass Tourism. Guests can find branded s’mores carts (which resemble oversized marshmallows and include step by step s’moring instructions) at the fire pits in Base Village and the Snowmass Mall. In addition, check out the Snowmass Mountain Mission, an app based, village-wide scavenger hunt; the Snowmass Art Walk, which showcases the work of local Roaring Fork Valley artists with Village-wide outdoor art installations including murals and sculptures; and many other free activities to do on your own time.

Then, there is the skiing. With an annual snowfall of over 300 inches and 98 trails covering 3,300 acres, Snowmass Ski Area is a skier/ rider’s paradise. Uncrowded by design, Snowmass is known for it’s long, groomed cruising runs but also offers plenty of challenging terrain such as steeps and moguls for the thrill-seekers.

Snowmass has a variety of options off-slope including cross-country skiing, snowshoeing, an alpine coaster, tubing, naturalist guided snowshoe tours, a recreation center, Anderson Ranch Arts Center – the list goes on! You can find more details on all of these activities at www.gosnowmass.com.

With such a wide variety of events, activities and programs, you just might have to come back to Snowmass every year!
VA Western Colorado Health Care System

“The rural healthcare provider of excellence chosen by Veterans”

The VA Western Colorado Health Care System is located in the beautiful Grand Valley at the junction of the Colorado and Gunnison Rivers on the Western Slope of the great Rocky Mountains.

The Medical Center has 55 operating beds comprised of 24 acute care (ICU and In-Patient Psychiatry) and 31 Community Living Center (CLC) beds. It serves a veteran population of over 40,000, providing primary and secondary care including acute medical, surgical and psychiatric inpatient services, as well as a full range of outpatient services. Specialized programs include a Mental Health Care Center, same day surgery, observation beds and computerized tomography (CT) imaging. Through an agreement with local St. Mary’s Hospital, the Medical Center obtains radiation therapy, cardiovascular procedures including cardiac surgery, home health care and other specialized medical services. It also benefits from scarce medical specialty agreements with community specialists who provide urology, ophthalmology, ENT, orthopedic, neurology and podiatry services. These agreements enable the Medical Center to provide a level of care and services, which far surpasses comparable size VAMCs. As testament to its commitment of providing comprehensive, high quality care, the Medical Center was selected as the 1999 overall winner of the prestigious Robert W. Carey Quality Award.

The original hospital was opened in 1949. The Transitional Care Unit was added in 1975 and a two-story outpatient clinical addition was completed in 1988. VA Western Colorado Health Care System is comprised of one VAMC and four Community Based Outpatient Clinics (CBOCs) and employs over 700 individuals including physicians, physician assistants, dentists, nurses and support personnel. It has also been widely recognized for its successful Primary Care Team model, implemented in 1988 and which soon set the standard for VA Medical Centers across the nation. A valuable complement to the work force is a corps of over 200 dedicated volunteers affiliated with civic and service organizations from the area.

The Medical Center maintains training affiliations in radiologic technology, nursing, dental hygiene, pharmacy, physical therapy, occupational therapy, social work, recreation therapy and computer science.

The Medical Center prides itself in providing quality care to Veterans. The facility is small enough to provide personalized care and courteous attention to each Veteran's need. Veterans may be assured the VA Health Care System will provide compassionate and efficient care to those who have maintained our country's freedom.
There are four very special awards to be given at the closing banquet on Friday night.

**THE DAV FREEDOM AWARD FOR OUTSTANDING COURAGE AND ACHIEVEMENT**

This award is given to the Veteran who exemplifies the spirit of the clinic, and who shows outstanding courage and accomplishment in taking a giant step forward in the rehabilitation process. This Veteran proves to the world that physical disability does not bar the door to freedom.

Previous recipients:

1992 – Eric Tate  
1993 – Kevin Moellenberndt  
1994 – Christopher Reid  
1995 – Darol Kubacz  
1996 – Martin Begosh  
1997 – Karoline Martin  
1998 – Butch Cooke  
1999 – James Milliken  
2000 – Timothy Doyle  
2001 – Jim Sursley  
2002 – Ryan Etier  
2003 – David Owens  
2004 – Erick Castro  
2005 – Oscar Olguin  
2006 – Joseph Bozik  
2007 – Jason Poole  
2008 – Centra Mazyck  
2009 – Portray Woods  
2010 – John Barnes  
2011 – Mark Brogan  
2012 – Jarod Behee  
2013 – Kristian Cedeño  
2014 – Patrick Zeigler  
2015 – Alan Babin  
2016 – Mariela Meylan  
2017 – Adam Greathouse  
2018 – Jatáya Taylor  
2019 – Alex Hussey
Ballots for the following three awards will be available on Tuesday.

THE LINNIE HOWARD SPIRIT AWARD

“If you don’t leave a little blood on the hill, you haven’t been there.”

Linnie Howard attended the 1987 and 1988 National Disabled Veterans Winter Sports Clinics. At 69 years old, he was the oldest participant, but he never let that stop him for a minute. He enjoyed every activity and gave it all he had. Linnie truly represented the spirit of what the clinic is all about—striving to be the best you can be with the ability you have. Linnie died in 1988, but his spirit lives on. Former clinic director, Sandra Trombetta decided to name the clinic’s Spirit Award in Linnie’s honor. The winner should be a model for everyone, someone who represents the true spirit of the clinic just as Linnie did.

Previous recipients:

1987 – Louis Martinez
1988 – Urban Myares
1989 – Steve Powell
1990 – Steve Soper
1991 – Pete Morelli
1992 – Kelly Rambo
1993 – Alton Davenport
1994 – Elizabeth Keitel
1995 – Tony Barriga
1996 – Cyril “Sonny” Johnson
1997 – Dana Bullock

2019 – “Coach” Callendar
2022 – National Disabled Veterans Winter Sports Clinic
THE JUDY SHAWO COMMITMENT TO EXCELLENCE AWARD
“If you just give me a chance, I’ll do such a good job for you.”

Judy Shawo was an ICU nurse at the Grand Junction VA Medical Center. Judy had been a handicapped ski instructor. As soon as she heard about the clinic, she volunteered to be a part of it. Judy worked as a tether. She worked long and hard, and she was committed to making the clinic the best! Judy died in the summer of 1989. She and her “commitment to excellence” will always be remembered with this award to a volunteer who shows the same outstanding qualities and commitment to this program.

Previous recipients:

1990 – Wayne Grapes
1991 – Pat White and Elise Bowne
1992 – Staff/Volunteers, Bank of Aspen
1993 – VVA Chapter 57
1994 – Jeannie Gechter
1995 – Mary Lane
1996 – Dixie Aljet

2015 – Joseph McNabb
2016 – Joe Bieganek
2017 – Andy McCarty
2018 – Disabled Veterans Massage Foundation Team
2019 – Barry Sharp
THE SID FORD AWARD FOR SERVICE ABOVE AND BEYOND THE CALL OF DUTY

Sid Ford was Director of Region 5 when the clinic was born. He was a supporter right from the start. Others said it was impossible, but Sid believed in it and helped to make it a reality. The clinic would not be what it is today without the service and support of Sid Ford. This award is given to a staff person who demonstrates that same dedication to the program, showing that nothing is impossible when you really believe in it.

Previous recipients:

1991 – Theresa McPherson, Grand Junction VA Medical Center, Colorado
1992 – Beth Stovall, Palo Alto VA Medical Center, California
1993 – Ron Foster, Hot Springs VA Medical Center, South Dakota
1994 – Chris Kinley, Mountain Home VA Medical Center, Tennessee
1995 – Roxanne Fischetti, Office of Public Affairs, VA Central Office
1996 – Randy and Renae Byrd, Grand Junction VA Medical Center, Colorado
1997 – Allen Baugh, Grand Junction VA Medical Center, Colorado

At Bristol-Myers Squibb, we are working together for patients

Our mission is clear — we discover, develop and deliver transformational medicines that help patients prevail over serious diseases. Our sense of urgency is real — we work every day to push the boundaries of scientific discovery and to make a meaningful difference in the lives of patients.

We are committed to developing a 21st century workforce that is powerfully diverse and broadly inclusive, capable of discovering and developing important new medicines for patients around the world.

It’s what we do. It’s why we do it.
Mission Redefined

Miracles on a Mountainside

Cisco® is a proud sponsor of the 2022 National Disabled Veterans Winter Sports Clinic. Thank you to the service men and women for protecting our freedom and keeping our country free and great.

Cisco is the worldwide leader in transforming how people connect, communicate and collaborate. For more information, visit cisco.com/go/federal.
Transportation
Based at the VA hospitals in St. Cloud, Minneapolis and the northwest corner of the state, our transportation network is spreading across all of Minnesota. The Department of Minnesota Transportation Network provides free rides to the VA hospital. The Department of Minnesota Foundation supplies vans to make sure our Veterans have a way to get to medical appointments.

DAV Outdoors
Our Minnesota Veterans love to hunt and fish, and we sponsor several opportunities to get them back out in the field and woods or on the water again. It’s part of building better lives.

Claims/Service Officers
Service officers function as attorneys-in-fact, assisting Veterans and their families in filing claims for VA disability compensation and pension, vocational rehabilitation and employment, education, home loan guaranty, life insurance; death benefits, health care and much more. In addition, the foundation grants money to projects and causes that advance the mission of DAV: empowering Veterans to lead high-quality lives with respect and dignity.

DAV
CHAPTER 1
PORTLAND, OR
We believe in the power of your smile.

Delta Dental is honored to be a part of the 2020 DAV Winter Sports Clinic.

Your smile matters, that’s why we make it easy to maintain your oral health

Delta Dental’s Veterans Affairs Dental Insurance Program (VADIP) offers quality dental benefits to Veterans enrolled in VA healthcare. You get affordable premiums, a large network of dentists nationwide, and 100% coverage for in-network cleanings, exams and more.

Visit deltadentalins.com/vadip to learn more.
Thank you for your service.

DaVita is proud to be a sponsor for the 2022 National Disabled Veterans Winter Sports Clinic.
Iron Bow celebrates all the participants, volunteers, friends, family, and media in this year’s 2022 National Disabled Veterans Winter Sports Clinic.

At Iron Bow Healthcare Solutions, we’re dedicated to providing our customers with a comprehensive approach to digital health that moves beyond technology to drive better health outcomes for all.

Learn more about Iron Bow Healthcare Solutions at www.ironbowhealthcare.com, where digital health comes together.
